Michael:

Looking at the Pebble schedule, I prefer to meet on 2/2 at 4:00.

We should plan on presenting an overview of the assessment to the ACOE to make sure everyone starts the conversation with common understanding.

Jeff

Folks,

Just heard back from Kevin Morgan, Alaska District Chief. The Colonel, Kevin, and his staff can attend the Bristol Bay Watershed Assessment briefing on either 2/1 or 2/2 at 4PM. I have the large conference room in Anchorage Operations Office reserved for those two days from 4PM to 6PM. Let me know what date works the best, how much time to you think we need, and I can finalize the logistics including sending out a calendar invite.

Dennis and Kate,

Are you planning on attending via phone or should I set up a video conference?

Rick,

Let me know who should be included in the invite.

Thanks

Rick:

That would be great to get time with the Colonel. If he is available at 3 PM on Monday 1/30, I can change my flight to get there.

The Corps wants a briefing while we are in Anchorage, but we have to get it on the Col's sched asap. I
assume Monday afternoon, Jan 30, is the best. Can everyone make it by 3:00?

Michael:

We would be interested in a briefing on the status of the assessment. I don't know dates/times you had in mind but it would probably be best for you to figure out what works best for your team, and I can then see if the Colonel is available.

Thanks,

Kevin

Kevin,

Just following up on our conversation last week regarding the possibility of providing the Corps with a briefing on where we are with the Bristol Bay Watershed Assessment. As you know, most of the key members of the team will be in Anchorage the week of January 30th to attend the data release meeting that Pebble is hosting. The team is really interested in briefing the Col, you, and your staff. Hopefully we can find a time that works for everyone. Let me know as soon as you can.

We are getting hit with some winter. Nothing compared to AK, but causes havoc in Seattle. Talk soon.

Thanks
